- Each state is working on building their assembly.
- The goal: to get our pillars up so that we are a standing assembly with its own courts, sheriffs, and to bring people back to the land and soil.
- This is accomplished by building membership, forming committees, passing laws and informing the current government that we are here and taking back our rights.
- How do we get all this moving forward... with help from YOU!

The Peace Time Flag

Through usage and custom, horizontal stripes had become adopted for use over military posts, and vertical stripes adopted for use over civilian establishments. The Civil Flag, intended for peacetime usage in custom house civilian settings, had vertical stripes with blue stars on a white field. By the Law of the Flag, the design denoted civil jurisdiction under the Constitution and common law as opposed to military jurisdiction under admiralty/military law.

The journey begins with the first step. This is not an instant process.
You will have to have patience and be willing to learn all the information that is out there for you to absorb.

How to begin.... Correct Your Status!

- Correcting your political status is a critical first step to regaining your freedom, upholding your rights and rebutting any presumptions made about you, by the de-facto government.
- We want to see as many Nebraskans as possible, return home to the land and soil jurisdiction. This service is provided by The Nebraska Assembly.
- Changing your political status to become an American once again, is exciting and the way it should have been from your birth, in our country. A change in your status will help us change our government back to what it should have been all along. It is much needed, yearned for, and necessary for our survival as Americans, which is what drives us and causes us to continue to pursue **RESTORING OUR LAWFUL GOVERNMENT!**

- We want and need, many people to help us in this effort. In order to help, we need people to do their paperwork, change their status, and come help us, in our work. However, we know that changing your status is a choice and the right of all Americans. There is no obligation, upon anyone to join The Nebraska Assembly or choose to work at the restoration of our lawful government. That is strictly your choice, and should you choose to do your paperwork, that will qualify you to help in this work. There are obligations that adhere to that decision.
- To be in The Nebraska Assembly, no matter the paperwork, everything must go through the Nebraska State Coordinator and State Recording Secretary. If you have paperwork from the Global Family Bank or another state and would like to join The Nebraska Assembly, you will need to submit your paperwork to the Nebraska State Coordinator for processing and approval. (This requires your current ID, Certified Birth Certificate, Two Witness Testimonies at a minimum, as well as the recording and publishing fee.)

There are several questions, to answer BEFORE doing any paperwork:

1. Do you want to be a free American, as your birthright brings, with no obligations other than to keep the peace and uphold the public (common) law?
2. Do you desire the freedom, you are due, but feel the duty, to help in the restoration process?
3. Do you desire your freedom, want to help in the restoration, AND offer your time, talents, and resources, by possibly holding an office in the Assembly, being a Juror, or a committee member on one of our many committees?

Each of the answers, bears additional documentation, to be completed, as the level of responsibility increases.

1779 Declaration (Called the One-Pager)

1. The appropriate 1779 Declaration (depending on your situation) ***(\$10 for the paperwork and \$20 for recording/publishing. Paid in CASH)***
2. Two (2) Witness Testimonies, from people that have known you for at least 7 years. (1 copy testimony from two (2) different people.) [Witness Testimony Form](#) [Print 2 forms, one for each witness, make sure each form is on one page]
3. Your Certified Birth Certificate and your current Photo ID.

928 Bundle (Includes the 1779)

We recommend the 928 Bundle, which includes the 1779. The 928 will fully immerse you in the American State National world. It will be your Declaration of Political Status, Voter Revocation, Deed of Re-Conveyance, Certificate of Assumed Name, Act of Expatriations (for all names), Cancelation of All Prior Power of Attorneys, Foreign Sovereign Immunities Act, DNA Paramount Claim, Military Severance Letter (if applicable), Common Carry Document, Marriage Paperwork (if applicable), Baby Deed (if applicable), Diagram of Fraud, Fee Schedule and Notice Letters (both Federal and State).

The cost for the paperwork (paid in CASH) is \$30 to record, \$30 to publish, \$15 for Priority Mail to The Nebraska Assembly State Recording Secretary (if not done in person) (stamp, seal, and publishing is done at this time), \$15 for Priority Mail from the Secretary back to you (this is the cost EVERY time you file be it 1 piece of paper or 30, which is why we try to get all of your paperwork done in one sitting, to save you money and time). The Nebraska Assembly has a person who will produce your paperwork and notarize for you for \$30 for a single name, for each additional name add \$5. (Example: married twice and have penname would be \$15 for a total of \$45). The benefit of this service is you will know your paperwork has been created, signed and sealed correctly, IF mistakes are made they can be corrected at the signing, saving everyone time and you money.

If you desire to help in the restoration, in answer to questions 2 & 3, you will do the 1779 Declaration and paperwork, as well as the 928 Bundle and/or the Additional Documents you will find on our National website(s). For any paperwork you desire, you will have questions, so feel free to email us with those questions and we will guide you all along the way.
